

St Michael & All Angels, Aston Clinton, Bucks

Forthcoming recitals/concerts in aid of the Organ Appeal

The Church is planning to restore and improve its 1894 Norman & Beard pipe organ, together with the installation of a new digital organ in the Chancel to accompany the Choir. The digital system is by Rogers (as used in Worcester Cathedral), and the two separate organs will be played from a new three manual console, the whole work being undertaken by Peter Collins Ltd.

Saturday, 27th September, 7.30_{pm}
